Health Challenges

Uncertain about

my health

condition

Health declines

as I get old

Higher chances

of chronic

diseases

Worry of frequent trips to hospitals

What is primary healthcare?

Prevention beats cure

Treat mild cases in the

Family doctor for all

One-stop care

Personalised health record for everyone

Follow up at the doorstep

Clueless of where to seek

X Frequent visits to hospitals

Health record scattered everywhere

X Long queues for follow up

Seek medical care only when situation worsens

Visit specialists for mild diseases

medical help

Vision of the Blueprint

Improve

the overall health of the population

Provide

accessible and comprehensive healthcare services

Establish

a sustainable healthcare

Strategies

centric

Family oriented Early detection timely

intervention

Doctor

 The Government subsidises and arranges me to screen and manage hypertension and diabetes

 The public healthcare system continues to be my safety net

Early Detection,

I can receive health information

Centres (DHCs)

and services at District Health

Timely Intervention

I can use a portion of vouchers meaningfully on health assessment, disease screening and management

Government Shares the Care Cost with Citizens

Disease prevention an

Enhance EHCV \$2000+\$500

General Use

Treat Mild Cases in the Community

Primary Healthcare Improves my Health

- I can manage my chronic disease through my family doctor in the community
- I can receive the required specialist and hospital services when my condition worsens
- My family doctor continues to monitor and follow up on my condition after it stablises

Family Doctor for All

ehealth

市民面對的挑戰

健康狀況

年紀漸長

慢性疾病

風險增加

基層醫療是甚麼?

- ✔ 服務七百萬
- ✔ 預防勝治療
- ✔ 小病在社區
- ✓ 一人一醫生
- ✓ 一站式治理
- ✓ 一人一病歷
- ✔ 家門□跟進

- ★ 大病先求醫
- × 小病睇專科
- 🗙 病急亂求醫
- ★ 出入醫院頻
- 🗙 病歷通處存
- ★ 覆診排長龍

藍圖願景

改善

市民整體健康狀況

連貫全面醫療服務

建立

可持續醫療系統

策略

基層醫療改善我的健康

預防勝治療

- 我可以在地區康健中心 得到健康資訊及治理服務
- 政府資助我篩查和管理 高血壓及糖尿病

• 公營醫療系統仍然是我的

安全網

特定用途 頁防疾病和管理健康

由家庭醫生 篩查及管理慢性疾病 支援

政府與市民共同承擔

優化長者醫療券 \$2000+\$500

一般用途

小病在社區

- 我可以在社區透過家庭醫生控制慢性疾病
- 我能夠在病情嚴重時獲得所需要的專科及醫院服務
- 病情穩定後, 家庭醫生繼續監察和跟進

一人一醫生

一人一病歷

• 我和我的醫護人員能夠

• 醫健通用科技助我監察

全面了解我的病歷

和管理健康

• 我擁有個人的電子健康紀錄戶口

≥□ 處方

個人病歷

ehealth

一站式治理

- 我能夠在社區得到 專業的共同護理
- 由地區康健中心

家庭醫生

牙醫

健康啲 病少啲 開心啲 💉
