

Webinar on Enhanced Laboratory Services Collaboration Model

4 September 2025

Rundown

Topic

Speaker

1) New Laboratory Services Collaboration Model

Dr Christina MAW

Asst Director of Strategic Purchasing Office

2) Workflow Overview

- Blood Taking at Clinic by Family Doctor
- Transition Arrangement of Contract Changeover
- IT System Enhancement on Laboratory Result Acknowledgement

Ms Ada WONG

Sr Mgr (Strategic Purchasing)

3) Updates on CDCC Patient Invitation

Mr Kanny PANG

Mgr (Strategic Purchasing)

Q&A

1) New Laboratory Services Collaboration Model

Dr Christina MAW

Assistant Director of Strategic Purchasing Office

Background

- Currently, private laboratory services are supporting the Chronic Disease Co-Care Pilot Scheme (CDCC) & General Outpatient Clinic Public-Private Partnership (GOPC PPP) Programme
 - Existing contract and arrangement - **till 5 Nov 2025**
- Policy Address 2024 announced the Government will promote the development of primary healthcare on all fronts, including new initiative:
 - Implementing **Hepatitis B screening** (by Q4 2025)

Laboratory Services Collaboration

- New contract will commence on **6 November 2025**
- Support
 - GOPC PPP, CDCC current and extended scope
 - Hepatitis B in Q4 2025
 - Other primary healthcare initiatives in later phase
- Two laboratories are awarded
 - 1. KingMed Diagnostics (Hong Kong) Limited (KingMed)**
 - 2. Quality Healthcare Medical Centre Limited (QHMS)**

New Service Model

✓ **Expansion** of service scope and volume

✓ **Accessibility**

- Participants' free choices among ~60 service sites of KingMed and QHMS (no mandatory pairing of lab service provider)
- 18 District Health Centres/Express (for CDCC participants)
- FD clinics (Optional)

✓ **Flexibility**

- FD has an option to provide blood-taking / specimen collection service

✓ **Quality Assurance** requiring accreditation in key items

✓ **Streamline workflow** on Lab result acknowledgement

Principles of Blood-taking / Specimen Collection by FD at Clinic for CDCC and GOPC PPP Participants

1. **Option** to provide blood taking / specimen collection services
2. **Partner with either KingMed OR QHMS** to provide courier services for picking up specimens from FD clinics and subsequent lab services
3. FD to collect
 - a) Mutually agreed **Value-added service fee**; and
 - b) **Lab Co-payment**, if any, on behalf of the partnered lab

Remark: Subsidised Electrocardiogram (ECG) service will be continue to be provided by private labs

2) Workflow Overview

- Blood Taking at Clinic by Family Doctor
- Transition Arrangement of Contract Changeover
- IT System Enhancement on Laboratory Result Acknowledgement

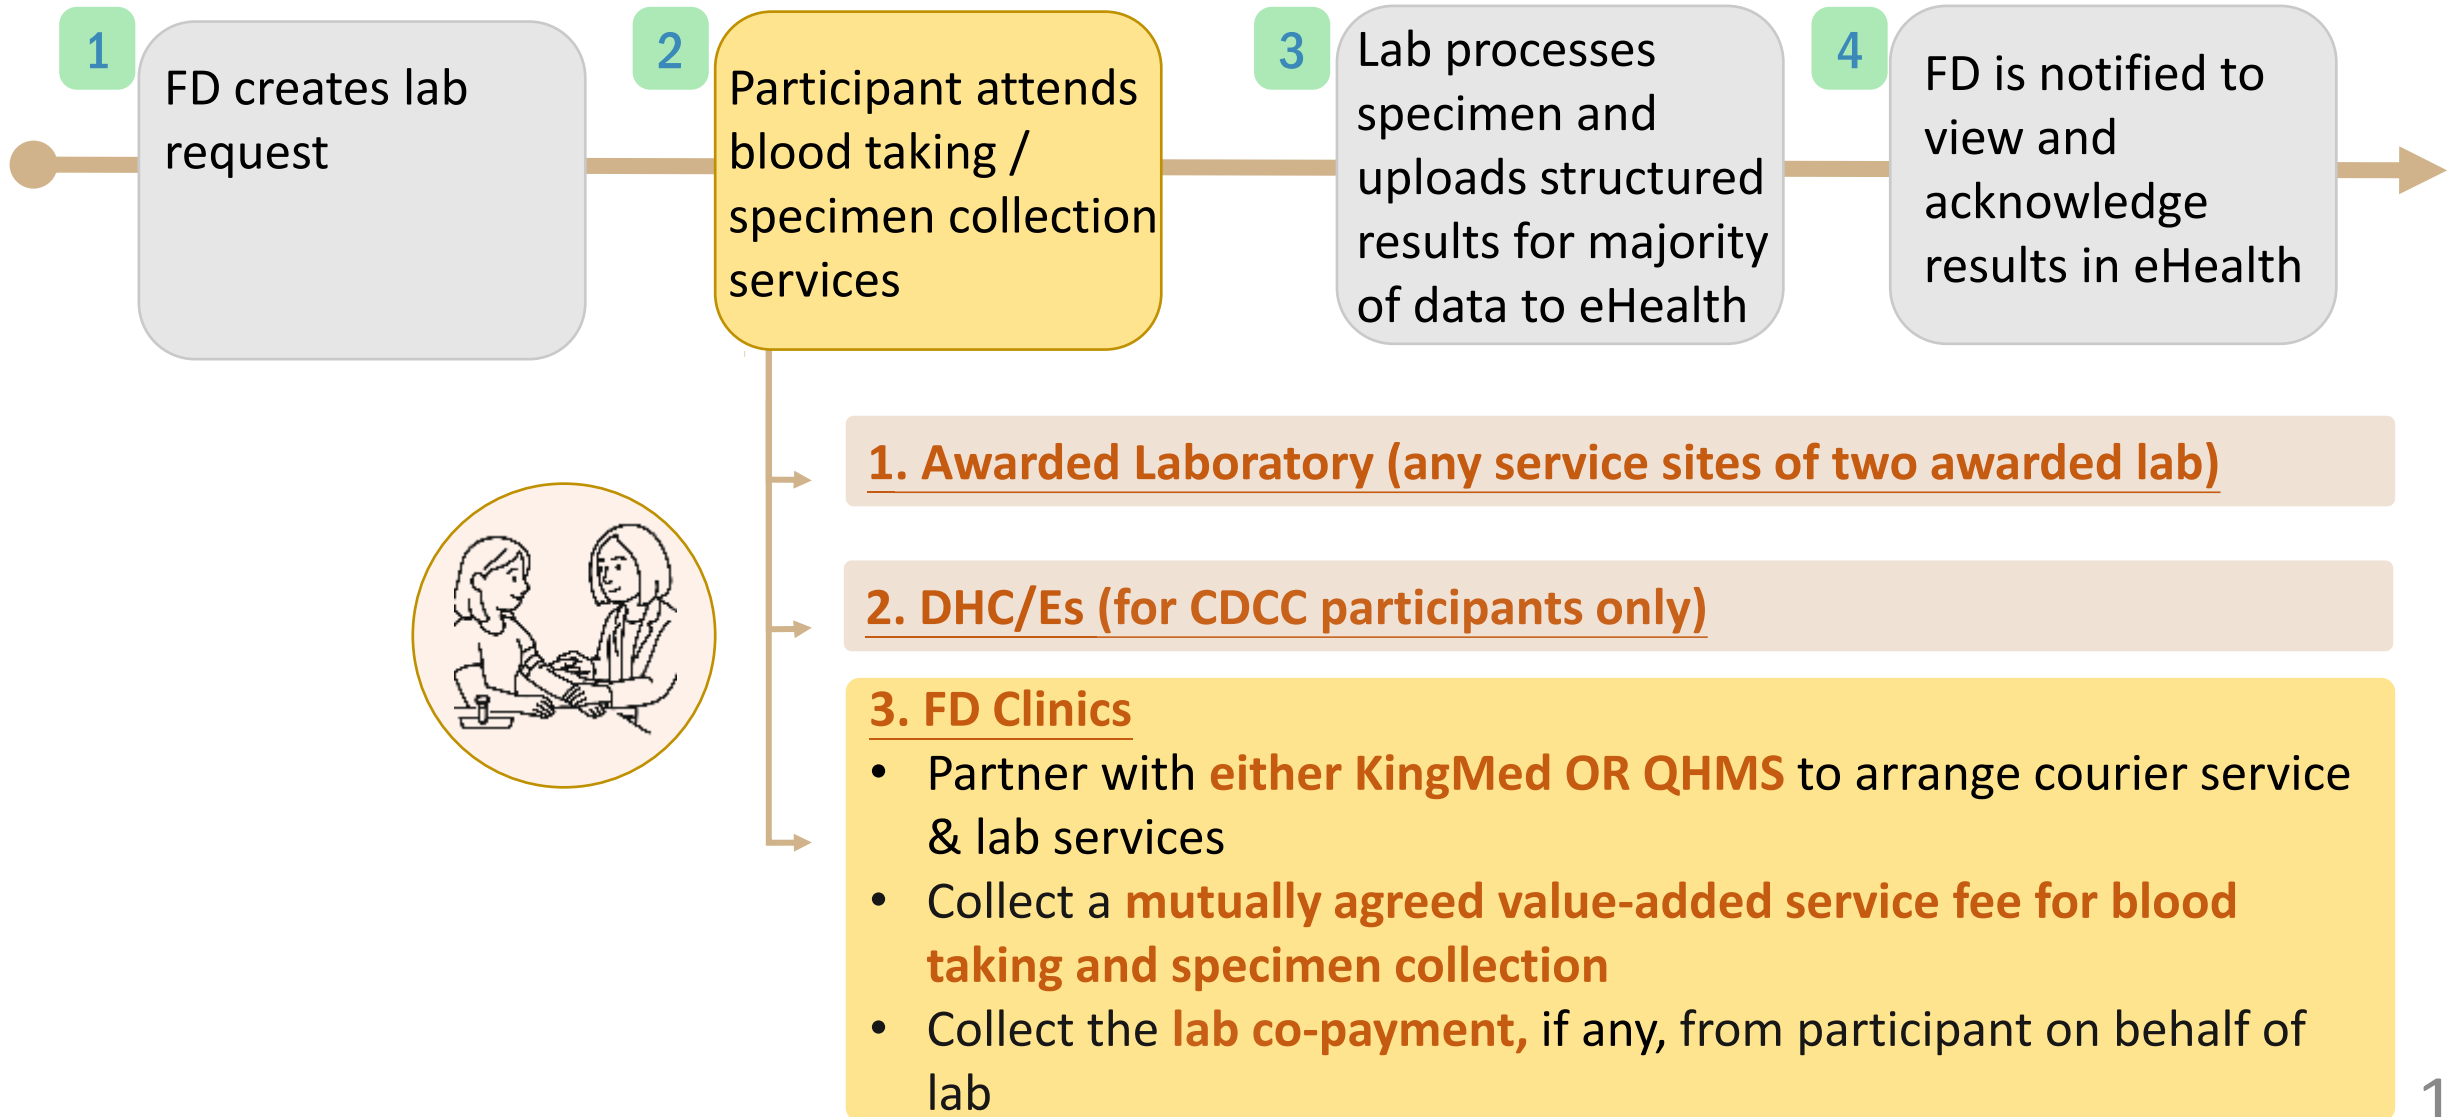

Ms Ada WONG

Senior Manager (Strategic Purchasing)

2) Workflow Overview

- Blood Taking at Clinic by Family Doctor

Workflow of Blood Taking

Comparison of Options for Management of DM/ HT/ Dyslipidaemia

Receive blood taking / specimen collection services	Lab service sites	FD clinics	District Health Centres
CDCC participants			
<ul style="list-style-type: none"> DM / HT / Dyslipidaemia Screening 	<ul style="list-style-type: none"> No lab co-payment 	<ul style="list-style-type: none"> No lab co-payment ✓ Value-added service fee* 	<ul style="list-style-type: none"> No lab co-payment
<ul style="list-style-type: none"> DM / HT / Dyslipidaemia Management 	<ul style="list-style-type: none"> ✓ Lab co-payment* 	<ul style="list-style-type: none"> ✓ Lab co-payment – collected by FD on behalf of lab ✓ Value-added service fee* 	<ul style="list-style-type: none"> ✓ Lab co-payment – collected by DHC on behalf of lab
GOPC PPP patients	<ul style="list-style-type: none"> No lab co-payment 	<ul style="list-style-type: none"> No lab co-payment ✓ Value-added service fee* 	<ul style="list-style-type: none"> Not applicable

***Support the use of the Elderly Health Care Voucher (EHCv)**

Remark: The lab co-payment to be collected will be indicated in the IT system at 'Payment Checkout'

Partner with One of the Awarded Laboratory

- **Partner** with either **KingMed OR QHMS** (per clinic)
- FD shall contact the lab directly for the specimen collection arrangement
- Courier service and specimen container for **specimen collection will be arranged by the partnered laboratory** (cost covered by partnered lab)
 - ✓ Based on mutually agreed schedule with the FD clinic
 - ✓ Includes pickup and delivery of specimens to the lab

KingMed Diagnostics (Hong Kong) Limited

- Email: qhmslab@qhms.com

Workflow of Blood Taking in FD Clinics

*FD to transfer the lab co-payment to partnered lab on mutually agreed means on monthly schedule

Points to Note – Handling of Specimen

1. **Use specified specimen containers** provided by the corresponding partnered lab
2. **Each specimen container MUST be well labeled** with participant's identifiers (Name, HKID card no., DOB and Gender)
3. Well labeled specimen container should be put in a **specimen bag**, with the corresponding laboratory request note of that participant
4. Lab will discard **unlabeled / mislabeled / spilled specimen** and inform FD clinic to arrange re-draw /re-collection of specimen

Points to Note – Lab Co-payment Transfer

Suggested Workflow*

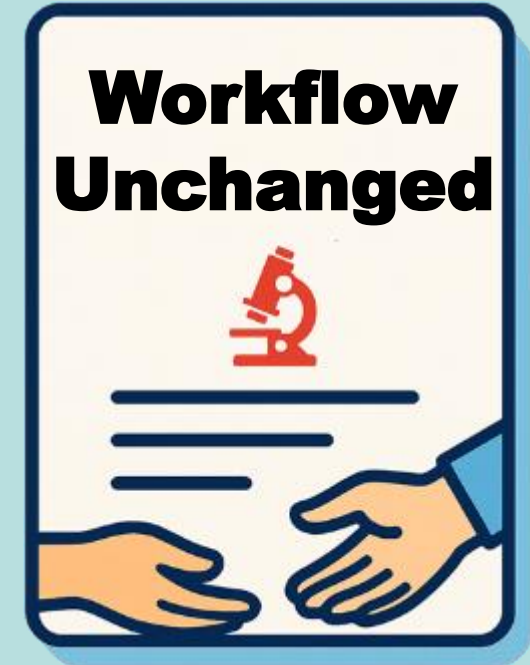

1. The blood taking activity and co-payment involved are **captured in the IT system**
2. A **monthly report can be generated** in the IT system by FD and selected lab to facilitate the co-payment settlement
3. Selected lab to **issue an invoice** to the FD's clinic on monthly basis
4. FD to verify the amount and **transfer the co-payment amount** to the lab via the bank transfer
5. Lab to **issue a receipt** to the FD upon receiving the co-payment

*Suggested workflow for reference only. FD and selected lab could develop other mutually agreed workflow and practice

Communication with the Public

- Press release on the New Laboratory Service Model will be issued in early Nov 2025
- Relevant public websites will be updated on 6 Nov 2025

Handling change request by participant

- Participants issued with request note on/ before 5 Nov 2025 may request to have more choices as provided in new service model:
 - FD can delete the old request note
 - FD to create and re-issue new laboratory request note (6 Nov 2025 or after)

2) Workflow Overview

- IT System Enhancement on Laboratory Result Acknowledgement

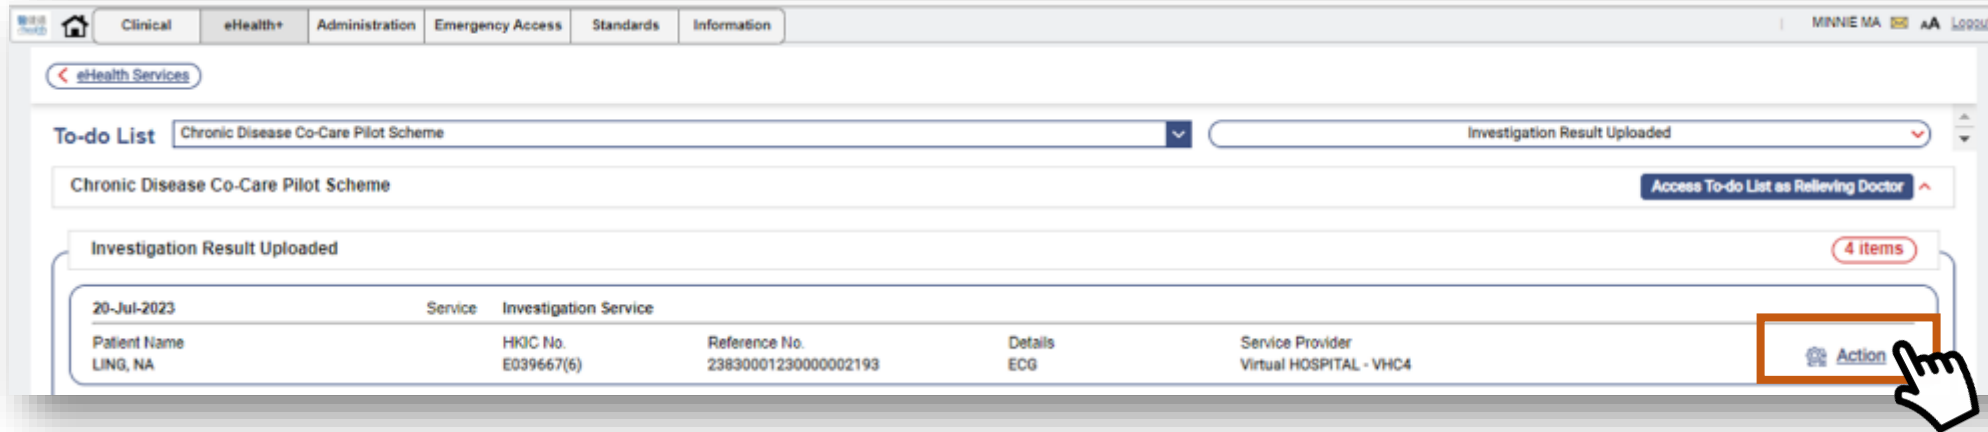

Detailed user guide will be shared via email later

Read and Accept Laboratory Result– Current Workflow

FD shall acknowledge all the laboratory results via the IT Module in timely manner

1

Click “Action” in the ‘To-do-list’

The screenshot shows a web application interface for 'eHealth Services'. At the top, there are navigation tabs: Clinical, eHealth+, Administration, Emergency Access, Standards, and Information. Below these, a 'To-do List' section is visible, filtered by 'Chronic Disease Co-Care Pilot Scheme'. A table lists investigation results, with the first entry dated '20-Jul-2023' for 'LUNG, NA'. The table columns include Patient Name, Service, Investigation Service, HKIC No., Reference No., Details, and Service Provider. An 'Action' button is highlighted with a red box and a hand cursor pointing to it.

20-Jul-2023	Service	Investigation Service				
Patient Name	HKIC No.	Reference No.	Details	Service Provider		
LUNG, NA	E039667(6)	23830001230000002193	ECG	Virtual HOSPITAL - VHC4		

2

Select items to [Read and Accept] and click [Confirm]

The screenshot shows a 'Read and Accept Results' form. It contains a table with columns for 'Request Items', 'Complete (Marked by Service Provider)', 'Read and Accept', and 'Require Lab Reprocessing'. The 'Read and Accept' column has a 'Select All' button highlighted with a red box and a hand cursor pointing to it. The 'Confirm' button is at the bottom right.

Request Items	Complete (Marked by Service Provider)	Read and Accept	Require Lab Reprocessing
HbA1C	<input checked="" type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
Glucose, Fasting/FPG	<input checked="" type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
Full Lipid Profile, Fasting	<input checked="" type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
RFT with eGFR	<input checked="" type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

Read and Accept Laboratory Result – New Fast Track in Q4 2025

To streamline the acknowledgment process to make it simpler and less time-consuming for FDs – **[Read and Accept] by batches**

The screenshot displays the 'eHealth Services > To-do List' interface. At the top, there are navigation tabs: Clinical, eHealth+, Administration, Emergency Access, Standards, and Information. The user is logged in as 'DOCTOR001 TASHOP'. Below the navigation, there's a 'To-do List' section with filters for 'All Programme', 'All Categories', 'Service Provider: All', and 'Service Location: All'. A button 'Show Completed Item(s)' is also present. The main section is titled 'Chronic Disease Co-Care Pilot Scheme' and shows 'Investigation Result Uploaded' with 40 items. A table lists several investigation results. Annotations 1 and 2 highlight the 'Read And Accept' button and the 'Select all' checkbox respectively.
